Suzette Northcutt Rhodes, President;
Kurt Loeffelholz, Vice President; Rob Stone, Member;
David Gillogly, Member; Kathy Reeser, Clerk;
and Dr. Tom Friedemann, Superintendent/CEO.

More than 200 distinct industry certifications were available, with 2,103 granted, to Francis Tuttle students in FY 2016.

74% of secondary students who completed a program at Francis Tuttle were continuing their education in 2016.

It is the policy of Francis Tuttle not to discriminate with regard to race, color, religion, gender, national origin, age, marital or veteran status, or disabilities. This policy shall be followed in the operation of its educational programs and activities, recruitment, admissions, employment practices and other educational services. Inquiries concerning application of this policy may be directed to the Human Resources Director, who serves as the Coordinator of Title V; Section 504, and Americans with Disabilities Act for all campuses, at 12777 N. Rockwell, Oklahoma City, OK 73142.
Launch Pad FT

A business incubator, this initiative assists start-up companies and entrepreneurs in building successful businesses and promoting economic development for the region.

Project HOPE

Project HOPE is a highly-successful dropout prevention and recovery program that helps high school students obtain their diplomas (as well as professional career skills), preparing them for successful employment or pursuit of further education.

Project SEARCH

Project SEARCH is designed for students with significant disabilities to assist them with a plan to transition from school to employment through innovative workforce and career development. Project SEARCH is a collaborative partnership between Francis Tuttle Technology Center, the Oklahoma Department of Rehabilitation Services, the National Center for Disability Education and Training, and both Mercy Health Center and INTEGRIS Baptist Medical Center, respectively.

Trainings Oklahomans to be Productive

TOP helps welfare recipients re-enter the workforce. The program is funded by the federal Personal Responsibility and Work Opportunity Reconciliation Act of 1996 and various state initiatives.

The Center for Municipal Excellence

The Center for Municipal Excellence offers cross-training for public works employees, including water systems maintenance and repair, wastewater systems maintenance and repair, street maintenance and repair, and safe operation of heavy equipment.

The Melrose Program

The Melrose Construction Trades Program provides training for young people on probation, in order to provide skills for the high-growth/high-demand (and economically vital) construction industry.
