

FRANCIS TUTTLE – OCCC RESPIRATORY CARE PROGRAM

FALL 2021 – SUMMER 2022 TEXTBOOK LIST

This textbook list is formatted to show you what textbooks will be used in each of your classes. The core respiratory textbooks will be used throughout the year in multiple class. You will need to purchase the textbooks for the first class you attend in which they will be used and then keep the textbook to use in future classes. Consider this carefully if you are considering renting textbooks or purchasing an eBook.
